

ULTRA OXY

Ultra Oxy is a concentrated oxygen bleach. This versatile product provides excellent cleaning ability, yet is safe to use on all types of colored and synthetic fabrics. Ultra Oxy aids in the overall success of today's complicated laundry programs.

DIRECTIONS FOR USE

Directions for Use:

Use Dilution: Concentration varies due to environmental conditions and load size. Your chemical specialist will adjust properly to meet your needs. 1) Pre-sort laundry prior to wash. 2) Pre-soak and/or pre-spot laundry when necessary. 3) Place proper amount of soiled linen into laundry machine. 4) In wash cycle, inject Ultra Break and Ultra Suds directly from chemical container. 5) When bleaching, inject Ultra Oxy into the laundry machine directly from the chemical container. NOTE: This product is most effective when used in hot water (150°-160°F) 6) When souring and softening, inject Ultra Sour/Soft, or Ultra Sour and Ultra Soft directly from the chemical container. A final pH of 5.5-6.5 is recommended for the linen.

**Please consult your ACS sales Representative or call 1-800-889-3489 for additional use directions.*
